I found out about Mario Corallo from Eurogloss Prestige from the Unique Cars Magazine, when my Father in Law asked me to find out how much it would cost to get the Mercedes E 430 polished.

So i rang Mario and asked him what he does differently to other detailers, he was very professional in his approach and he explained to me how he would eliminate the problem of swirl marks and scratches and he then gave me the price to to the job.

He told me straight forward that you get what you pay for, he was very honest about what he could achieve and we left at that.

After one week i decided to give Mario a ring and go ahead with the job. Mario was friendly and punctual, he started taking his equipment out of his van (which was quite impressive) with all the latest products and polishing machines and went ahead with the job.

He spent a total of 12 hours polishing my Father in Laws Mercedes the results speak for themselves ! Simply stunning !

The paint finish of this Mercedes looked like brand new again no swirl marks whatsoever ! Mirror like finish what describes the paint work.

I was very happy with the job, so i got him to polish my wife's SLK Merc same results , plus a considerable amount of time spent on it .

A BMW Car Club Show was coming up so i booked Mario in to do the magic touch on my BMW. Again simply stunning !

I am very happy with Mario's work with all our cars, i would not hesitate to recommend him to any car enthusiast that loves cars like myself because he does a fantastic job ! And best of all he delivers the results !

Yours sincerely,

Janez Mesarich
