Dear Mario:

Just wanting to write to you and thank you for the wonderful work you did on my black Golf R32 last week.

I am very amazed at your attention to detail and the ability to correct the scratches and swirls in the Golfs paint and restore a deep shine.

Everyone who has seen the car is astonished at the transformation.

I park the car on the street and now that it is coated with Opti-Guard, I am more confident that the paint will continue to look good in the future and thanks to your helpful advice, I can now maintain the good work you have done. I have already recommended your work to several friends.

Wishing you every success, warm regards,

Andrew Eriksson
