Subject: Re: Car Photos

Importance: High

Hi Mario,

Thank you for the great photos of my car.

Am I glad that I came across Eurogloss Prestige website whilst looking for Paint Protection and Leather Protection for my car.

I am writing to communicate my genuine appreciation for the great work you have done on my new car. It was amazing to discover the flaws in the detailing and preparation of my new car when I received it from the dealer.

I have never come across anyone who takes so much pride and joy in preparing and finishing the car to such a state of perfection. It was great to see the attention to detail, and your passion and love for what you do as a profession.

The work that you have done on my new BMW has transformed the appearance of my car and your work has been SPECTACULAR.

My wife and I are extremely pleased with our gleaming new car and we would like to thank you for a job well done.

Please feel free to refer any prospective clients to us, and likewise we would be more than happy to recommend your work to our friends and family.

Best Regards

Natrajh
